PROFILE

Innovative Web Developer with expertise in React.js, Next.js, and modern web technologies, with a strong grasp of DevOps principles. Experienced in designing, deploying, and scaling full-stack applications using cloud platforms and CI/CD practices. Passionate about creating intuitive user experiences and efficient backend systems.

SKILLS SUMMARY

- **Languages:** C++, PHP, Python, JavaScript, SQL, Bash
- **Frameworks:** React, Next.js, Express, Django, Bootstrap, NodeJS
- **Tools:** Docker, GIT, Firebase, Supabase, YAML
- **Platforms:** AWS, GCP, Linux, Windows, Arduino
- **Soft Skills:** Adaptability, Creative Problem-Solving, Analytical Thinking, Active Listening

EXPERIENCE

- **Connecticx.com** Hybrid
Web Developer Intern Oct 2024 – Apr 2025
 - **Ticketing and Event Platform:** Developed a robust multi-role event booking system with real-time features for attendees, organizers, and admins. Integrated Firebase Auth, Firestore for event records, Razorpay for payments with 0% payment failures.
 - **Real-Time QR Scanning:** Built and deployed a low-latency QR scanner that verified tickets with sub-250ms average response time, cutting entry wait times by 40%.
 - **Automated Notifications:** Implemented server-side scripts and UI components that delivered transactional emails with a 93% open rate, reducing support queries by 30%.
- **Avalanche High Tech Enterprise** Remote
Cloud Intern Oct 2024 – Jan 2025
 - **GCP Deployment:** Configured and deployed chatbot frontend using Google Cloud Platform services. Ensured smooth CI/CD integration and domain linking.
 - **Infrastructure Management:** Created and maintained scalable GCP instances and managed secure networking between services.
- **EON-India** Remote
Frontend Developer Intern Jun 2024 – Oct 2024
 - **E-Commerce Platform for Instagram Stores:** Built a cross-platform React-based frontend to help Gen-Z run independent stores linking Instagram with Firebase backend.
 - **Performance Optimization:** Applied code-splitting and lazy loading to improve Lighthouse performance score from 71 to 94.

PROJECTS

- **Mahavir Minerals:** Designed, developed, and deployed a business portfolio website for Mahavir Minerals to showcase and promote their manganese products. Handled everything from UX/UI design to cloud deployment and generated more leads.
Tech: React.js, SCSS, Vercel.
- **Silver Lining:** Developed a freelance e-commerce platform for custom jewelry ordering. Integrated Firebase Auth, Firestore, PayU Bolt payments, and iThink Logistics API with an average order value of 1.8K, integrating shipping API to cut label creation time by 60%.
Tech: Next.js, SCSS, Firebase, Nodemailer.
- **The Elite Racers:** Created a high-performance racing team website using React and Vite. Applied responsive UI/UX, code-splitting, lazy loading for SEO which delivers average page load times of 2.6s.
Tech: React.js, Vite, CSS.
- **Learning Management System:** Created an LMS for organizing course material and users. Backend built in Django and styled with Bootstrap. reducing administrative workload by 40%.
Tech: Django, Python, SQLite.

EDUCATION

- **S.B. Jain Institute of Technology Management and Research** Nagpur, India
Bachelor of Technology - Computer Science and Engineering Dec 2021 - May 2025
Courses: Operating Systems, Data Structures, Algorithms, AI, Cyber Security, Networking, Databases

CERTIFICATIONS

- **AWS Certified Solutions Architect – Associate** Amazon Web Services (AWS)
June 2023
- **Google IT Support Professional Certificate** Google
April 2023
